REPORT OF THE NEW HAMPTON PLANNING BOARD

On November 6th, 1964, the Selectmen met in the Selectmen's Room in the Gordon-Nash Library at eight o'clock to appoint and swear in the following members of the Planning Board: John White for a one-year term; Mary Moody, for a two-year term; Chaloner Bickford, for a three-year term; Paul Stevens, for a four-year term; Wilfred Savard and T. Holmes Moore, for a five-year term. Lester Youst was chosen as Selectman to act as an ex-officio member.

Mr. Moore was elected Chairman. Judge Harold Wescott of Laconia, has been designated as legal counsel for the Board, and Mrs. Ralph Ness is the secretary and treasurer. Judge Wescott has been consulted concerning the legal aspects of the constitution of the Board and all the actions of the Board so far have met with his approval.

The Board has held regular meetings on the first Wednesday of each month. There have been three special meetings, November 20th, December 16th, and January 19th. The Board is constituted with duties as set forth in Section 1-15, Chapter 36 of New Hampshire Revised Statutes Annotated 1955, to make a study of the town's development and to report to the town, appropriate recommendations for the promotion and maintenance of the town's best interests.

The Board has consulted with Randall Raymond of the New Hampshire State Planning and Development Commission, and has held six meetings. Three were for the purpose of seeking advice of those who are charged with the responsibility for carrying out town and precinct affairs and all others who are interested in the present

worth of the town and with its future development. Town officers attended the December 16th meeting, Precinct officers attended the January 6th meeting, and every voter of the town was invited to an open meeting on January 19th at which Mr. Randall Raymond and Board acted as a panel to answer questions about the Board's activities. These meetings were very important to the Board since various citizens of the town supplied a great deal of information and many suggestions regarding the future of the town.

The Board now plans to take an inventory of the existing land use, and to analyse this inventory to project the future development of the town so that priorities and the accomplishments of the town's needs can be established. Mr. Raymond strongly advocated that the Board hire a professional planner and the Board has voted unanimously to do so.

Application has been made to the New Hampshire State Planning and Development Commission requesting them to initiate the steps necessary for procuring Federal aid, which amounts to two-thirds of the cost of the professional services. The Board now is interviewing five professional planning consultants and will have a further report at Town Meeting.

FIRE WARDEN'S REPORT

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy—both industrial and recreational—is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area —4,350.00 acres—is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers.

Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.
